

**JOIN US AT THE NEXT LANDSCAPING MEETING! ALL ARE WELCOME**

MONDAY, JULY 18 at 6:30pm Outside the Commons Room

AGENDA:

**1. SHORT TERM LANDSCAPING and WATER SAVING RECOMMENDATIONS**

Updates on hot topics we identified at the last meeting:

- a) Updates from the Board Meeting on July 8
- b) Gray Water Use – exploring programs and pricing
- c) Water use tracking (total gallons per month) – checking the numbers
- d) Water meter options (Eve exploring) – ideally measure household vs landscaping use
- e) Pool Cover options – a few ideas have surfaced
- f) Other

**2. LONG TERM LANDSCAPING IDEAS**

Please come and share your perspectives on long term thinking.

We'd love to hear from residents regarding:

- What you like about the landscaping and use of our grounds
- What you don't like about the grounds
- Thoughts on noise levels
- Use of tables / spaces / social areas - want more? Less? Different? Umbrellas?
- Access to Commons Room – ideas?
- Different setup ideas?
- Ideas for the grill area?
- Fire pit ideas?
- Water feature ideas?
- Property rim areas?
- Planter boxes
- Water storage ideas you might know about (cisterns?)
- Water flow ideas you might know about (after rains; how to save water)
- Water purification ideas you might know about (for commercial properties)

Please share any long-term ideas you have for usage of the grounds and spaces, particularly around landscaping and water conservation, while still preserving our overall feeling.

All ideas are welcome! We'll capture your ideas, as this is an "idea generation" meeting.
